

ARIS ONNA COLLECTION

Aris Onna is a collection of decorative panels for both indoors and outdoors. A collection designed to inspire the senses and transform any space, and can be installed both vertically and horizontally.

Its elegant design and groove finish make it the perfect cladding to bring rhythm and movement to projects that seek a natural style.

COMPOSITION

Manufactured with Eco-fiber Composite, a WPC composed mainly of polyvinyl chloride, 50% rice husk and 40% limestone.

It contains 33% recycled material such as WPC recovered from scraps and waste chips obtained in the manufacturing process, in which 60% renewable energy is used.

DIMENSIONS / PACKING

PANEL SIZE: 8 x120" (width / length)
4 pieces/box

CHARACTERISTICS

- Impact and abrasion resistance
- High fire resistance
- No cracking, chipping or spalling
- No additional treatment required
- Impervious to insects and bacteria
- 100% recyclable / eco-sustainable
- High durability
- Non-slip surface
- Low maintenance
- European manufacture
