

MALIBU COLLECTION

Malibu is a collection of decorative panels for indoors and outdoors. A collection designed to change the look of any space, from living rooms and bathrooms to terraces or facades.

Its finish gives it the most emotional aspect that evokes the essence of coastal houses.

COMPOSITION

Manufactured with Eco-fiber Composite, a WPC composed mainly of polyvinyl chloride, 50% rice husk and 40% limestone.

It contains 33% recycled material such as WPC recovered from scraps and waste chips obtained in the manufacturing process, in which 60% renewable energy is used.

DIMENSIONS / PACKING

PANEL SIZE: 6.5 x120" (width / length)
5 pieces/box

CHARACTERISTICS

- Impact and abrasion resistance
- High fire resistance
- No cracking, chipping or spalling
- No additional treatment required
- Impervious to insects and bacteria
- 100% recyclable / eco-sustainable
- High durability
- Non-slip surface
- Low maintenance
- European manufacture
